DETAILED ACTION

Claim Objections

1. Claims 1-30 are objected to because of the following informalities:
Claims 1-30, "EL" should be changed to --electroluminescence--;
Claim 2, what is "TFT"?
Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(d) the invention was first patented or caused to be patented, or was the subject of an inventor's certificate, by the applicant or his legal representatives or assigns in a foreign country prior to the date of the application for patent in this country on an application for patent or inventor's certificate filed more than twelve months before the filing of the application in the United States.

3. Claims 1-30 are rejected under 35 U.S.C. 102(d) as being barred by applicant's Japanese patent application [JP 2001-93661].

The application JP 2001-93661 has the same three inventors, the same invention, and a filing date of 22 September 1999, which is more than twelve months before the filing date of U.S. patent application, 15 February 2001. See MPEP 2135.
